Assist Program

A S S I S T E D L I V I N G

A caregiver in a light-colored uniform is assisting an elderly woman with a walker. The woman is wearing a dark patterned top. They are in a well-lit indoor setting, likely a care facility. The image has a blue tint and is used as a background for the text.

At Chartwell, we understand it can be challenging to know what care services will be best suited for you or a loved one—which is why we're here to walk you through your options and partner together to create a *personalized care plan* that helps you feel your best.

Our Care Assist program offers an extensive selection of *all-inclusive packages* and *à la carte care services* that cater to your unique needs and preferences, as well as give you peace of mind that you can safely age in place with us as your healthcare needs evolve. Whether you're about to move into a Chartwell residence or have been living with us for a while, you have the freedom to add care to your service package anytime to *enhance your overall comfort and well-being.*

CARE SERVICES AVAILABLE IN ASSISTED LIVING

In Alberta, Chartwell residents can benefit from a range of in-house services that are available in their assisted living packages. These services are delivered by compassionate and dedicated staff at no additional cost. They are as follows:

Morning and Evening Assistance

- This service may include supervision and encouragement with a resident's morning and/or evening activities, such as getting out of bed, washing up, brushing teeth, selecting clothing, or getting ready for bed, and is ideal for individuals managing early stages of dementia
- Independent seniors managing some mobility or dexterity challenges may also opt-in for more hands-on assistance, including help with grooming, oral care, shaving, hygiene, and dressing
- For seniors who need complete help with all aspects of morning or evening care, an additional fee will be required

Showering & Bathing Assistance

- Scheduled showering or bathing assistance includes help undressing, complete or partial help with washing—such as with hair, back, peri-care and feet—and help towelng or re-dressing
- Nail clipping may also be provided, as well as a tidy-up of the shower area and safety assistance to avoid slips and falls
- Frequency of service is twice per week

Meal Assistance

- Support with opening food packages, ensuring assistive devices are available, cutting food before it's served, and intake monitoring

Escort Assistance

- Escorts to events in the residence like meals, activities, social gatherings, hair salon appointments, and much more
- May include transfer assistance to a chair or bed before or after an escort for complete comfort
- Ideal for individuals managing mobility challenges

Compression Stocking Assistance

- Assistance with the application or removal of stockings as required, including rinsing and hanging to dry

Medication Management

- Includes the administration of pills, patches, creams/ointments, eye and ear drops and insulin injections as prescribed

CARE SERVICES AVAILABLE IN ASSISTED LIVING, CONT'D

Visual Checks

- Suite rounds or night checks outside of daily attendance monitoring for specific needs of an individual during hours of concern, including reassurance

Laundry

- Washing, folding, and delivering laundry to residents
- Laundry is washed separately from other residents' laundry
- Two loads per week

Daily Room Refresh

- Daily emptying of garbage cans, making of the bed, and wipe-down of the washroom, including the sink, countertops, taps, and toilet

ENHANCED CARE OPTIONS

Further to the care services available in an Assisted Living package, here are the enhanced à la carte services that you can add to your package anytime for an additional fee:

Enhanced Meal Assistance

- Service includes partial assistance with feeding, such as cutting up food prior to serving, physical guidance, verbal encouragement to eat, helping to put food on a utensil, identifying food on a plate, and intake and weight monitoring

Enhanced Medication Management

- Service includes injection services by registered staff, such as B12 shots and other medications as prescribed

Enhanced Showering & Bathing Assistance

- For residents who desire showering and bathing assistance more than twice per week, frequency can be adjusted up to daily for this assistance
