

CHARTwell
CARRINGTON
HOUSE
retirement residence

Receive the **personal support** you need to **live comfortably** in a **welcoming, quaint atmosphere.** ”

PART OF OUR LOCAL COMMUNITY SINCE 2005

Chartwell Carrington House is a retirement residence in the tight-knit community of Mission. We provide a quaint, welcoming lifestyle with the right level of support for your unique preferences—including any current or future care needs—so you can comfortably age in place.

Our retirement community offers a variety of convenient independent living and assisted living services, including three daily meals, weekly housekeeping, linen and towel service, enriching activities and outings, transportation to appointments, and even access to an on-site

hairdresser and scheduled doctor visits. If you need more daily support to live well, we can also partner with you to create a personalized plan of care that can support your independence and peace of mind. With bright studio, one- and two-bedroom suites to select from—many with stunning views of Mount Baker—you have the freedom to choose the lifestyle that best suits you!

OUR UNIQUE LIFESTYLE

There are an endless number of ways for residents to spend their time at Chartwell Carrington, but one area of the retirement home that always attracts attention is our gorgeous outdoor space, including landscaped grounds, walking paths and a resident-driven community garden. We also recently updated our list of amenities to include a new movie theatre, arts and crafts room and fitness facility.

However, it isn't our building that makes us a special place to live, but our friendly staff who go above and beyond to make residents' lives better and foster an inviting, supportive environment. We're like one big family here, and it isn't unusual to spot the General Manager having lunch with residents, or staff gathered around to watch a resident blow out birthday candles on a cake thoughtfully prepared by the food and beverage team.

Explore our Living at Chartwell brochure to learn more about dining, lifestyle activities and personalized care services.
